contact (mobile portrait)

A hand-drawn sketch of a mobile app contact form in portrait orientation. The form is enclosed in a rectangular border. At the top left, there is a small circle containing the number '1'. At the top right, there is a small icon of three horizontal lines. Below these, there is a rectangular box with a wavy line inside, representing a profile picture. Underneath the profile picture are three input fields: the first is labeled 'Name', the second is labeled 'Email', and the third is labeled 'Message:'. Below the 'Message:' field is a small rectangular button. Under the button is a large, stylized 'U' shape, which could represent a 'Send' button or a placeholder for a logo. Below the 'U' shape are three horizontal lines, possibly representing a list or a separator. At the bottom of the form, there are four small circles, each containing an 'X', arranged horizontally. Below these circles are two horizontal lines, possibly representing a footer or a separator.
